## Crippled Storm Threatens Coast

### Inez' Winds Aim Toward SE Florida

MIAMI, Fla. (AP) — Killer Hurricane Inez, crippled but still dangerous after two excursions into Cuba, staggered toward a course that would bring sustained gale winds to the heavily populated coast of southeastern Florida Sunday.

"We expect Inez to pass near Bimini—30 miles east of Miami — sometime tomorrow afternoon," said Paul Moore, forecaster at the National Hurricane Center.

Moore said the storm probably would regain some intensity during the night and would rake Florida's southeastern coast

with sustained winds up to 45 miles an hour.

As Inez began her second journey into Cuba on Saturday night, the toll of death and destruction continued to zoom upward in the battered Caribbean islands of Haiti, Dominica and Guadeloupe.

Hundreds were feared dead. Thousands were injured and homeless.

Hurricane-force winds were expected Sunday at Bimini and Grand Bahama Island. Gale warnings were up from the Florida Keys to Stuart, in the south-central section of the state, and throughout the Bahamas.

Moore said Inez was expected to leave Cuba's northern coast about midnight, after two days on the island.

"Then we expect surrounding wind currents to push the storm to the northeast on a course that would take east of the Florida coast," he said.

At last report the storm was

### Screaming Youths Demand Sukarno Be Put On Trial

JAKARTA, Indonesia (AP) — More than 10,000 Indonesian youths, yelling "go to hell," marched on President Sukarno's palace Saturday with demands that he be tried on charges of leading the communist coup attempt a year ago.

The demonstration came on the first day of the trial of former Foreign Minister Subandrio on charges of masterminding the plot and diverting \$1 million of government funds for his personal use.

The course of Subandrio's trial

before a military tribunal is expected to affect any Sukarno chances for a political future.

In his nine years as Indonesia's foreign minister, Subandrio is Sukarno's right-hand man, and he aligned the country's foreign policy with that of Red China.

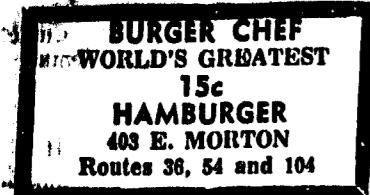

The army generals led by strongman Suharto, who took over effective power after the coup attempt, have kept Sukarno on as a figurehead president. His future status may depend on whether testimony at the trial implicates him in the plot.

The trial, in the two-story government building, was staged under maximum security. Tanks blocked the streets and antiaircraft guns were placed around the building.

The demonstrators at the presidential palace were kept in check by a double line of nearly 1,000 troops. Sukarno had flown to his mountain palace at Bogor for the weekend.

The situation remained under control but at times appeared explosive as students pressed

## Actor Reagan vs. Brown

# Election Bout Thrills Ahead In California

AP Special Report

**EDITOR'S NOTE**—One of the country's most exciting and important elections is shaping up in California. Here, a veteran political hand sizes up Republican Ronald Reagan as a campaigner. Next, Relman Morin zeroes in on the man in the other corner—Gov. Edmund G. (Pat) Brown.

By RELMAN MORIN

AP Special Correspondent  
LOS ANGELES (AP)—Politically, as in his celluloid days, Ronald Reagan is demonstrating that he is "box office."

The erstwhile movie actor, now Republican candidate for governor of California, has been drawing crowds, stirring applause and laughter in speeches, fielding tough questions about government, and generally wagging a strong campaign.

This is his first try for elective office, although he has been around the fringes of politics for years, and he turns out to be something of a phenomenon.

Reagan won the nomination last June in a contest with former San Francisco Mayor George Christopher, carrying 53 of the state's 58 counties and taking a towering 64 per cent of the GOP vote.

Now, campaigning up and down the 750-mile length of California, Reagan is drawing well. It may be largely curiosity to see him in person that brings out the people. His face was familiar, via movies and television, for years before he cast himself into his present role.

"Ronnie has been in millions of living rooms as a nice guy for a long, long time," said a Reagan lieutenant, "and that's one of the big things he has going

## Meet Today At Pittsfield To Form Chorus

PITTSFIELD — There will be a meeting of all persons interested in forming a Pike county Community Chorus on Sunday, October 2 at 2:30 p.m. in the Pittsfield high school library. Members of choral groups are urged to attend and bring with them anyone interested in singing. The purpose is to organize and present a performance of the sacred oratorio "The Messiah," which needs a total group of 100 or more voices. Information about the chorus may be obtained by calling Miss Evelyn Ransom, music teacher in the Pittsfield schools, band instructor Paul Rosene, or John Nichols.

MRS. SMITH IS HOSTESS FOR PITTSFIELD CLUB

PITTSFIELD — Mrs. Glenn Smith entertained the Parental Society at luncheon and bridge September 28th. Mrs. Tom Brant was a guest of the club. The Smiths attended a reunion Saturday, Oct. 1st, at David Hickman high school in Columbia, Mo., where Mr. Smith was coach in 1936. Mr. Smith coached the basketball team that won the Missouri state championship.

Mrs. Edward B. Knight was hostess to the Thursday bridge club last week.

Mrs. Lucille Rose of Dubuque, Iowa visited her brother and his wife, Mr. and Mrs. Harold Voshall, and her mother, Mrs. Kate Voshall in the Strauss Wing of the Illini hospital, this past weekend.

has been doing his homework." In the lush, green and gold Napa Valley—the wine country—Reagan stirred clapping and laughter when he ridiculed the special tax on sparkling wines by calling it "the bubble tax."

Reagan, a zealous apostle of private enterprise, says Los Angeles businessmen have provided 4,000 jobs in Watts since the Negro riots in that section of the city last year. With a sense of timing, he paused and added "and that's almost as many as there are poverty workers there."

Reagan says he was one of the first to urge Gen. Dwight D. Eisenhower to run for president in 1948. To be sure, Eisenhower's party affiliations were unclear at the time. But his statements on national problems stamped him as a middle-of-the-roader.

When Eisenhower refused to run, Reagan said he cam-

paign for President Harry S. Truman. He says he voted for Eisenhower in 1952.

The final step in Reagan's transformation—in philosophy if not in party affiliation—came with the discovery of Communist infiltration of the motion picture industry.

Reagan, then president of the Screen Actors Guild, plunged into that fight. It brought him an insult, sometimes seen in movies but seldom in real life. He said, "A fellow I knew—just an acquaintance—walked up to me on the street one day and spit in my face."

From time to time as he campaigns now, people ask Reagan why he refuses to disavow the John Birch Society. He replies, "I'm not a member of the Birch Society. I'm not planning to join. I don't agree with many of the things they say. But I'm not

**Beta Sigma  
Phi Chapters**

The first meeting of the 1966-67 season of Zeta Beta chapter of Beta Sigma Phi was called to order by president Jean Bailey on Sept. 12th at the home of Irene Bailey. Roll was answered by 16 members. Correspondence included a letter from the International Beta Sigma Phi office informing the chapter it has again been awarded a three star rating for social, service and cultural programs the past year. This rating has been achieved by Zeta Beta for the past seven years.

Chairman Barbara Madsen, handed out the program books. Ways and means chairman Katherine Templin, thanked the members for cooperation and participation in the recent rummage sale.

Muriel Taylor, service chairman, reported several members planned and participated in activities at "Gateway House" at the local State Hospital during the summer months, bingo parties, group singing and refreshments, furnished by Zeta Beta. These parties are to continue for several more months. Other sources of service projects are to be discussed later.

The social chairman Sue Moss, mentioned some of the husband-wife events planned for the year. The first will be a wiener roast at the country home of one of the members. A bowling party and a dinner party are some of the future occasions.

Irene Spinning and Hallie Steinheimer presented programs on "Happiness" and "Self-Anaylsis". A discussion followed.

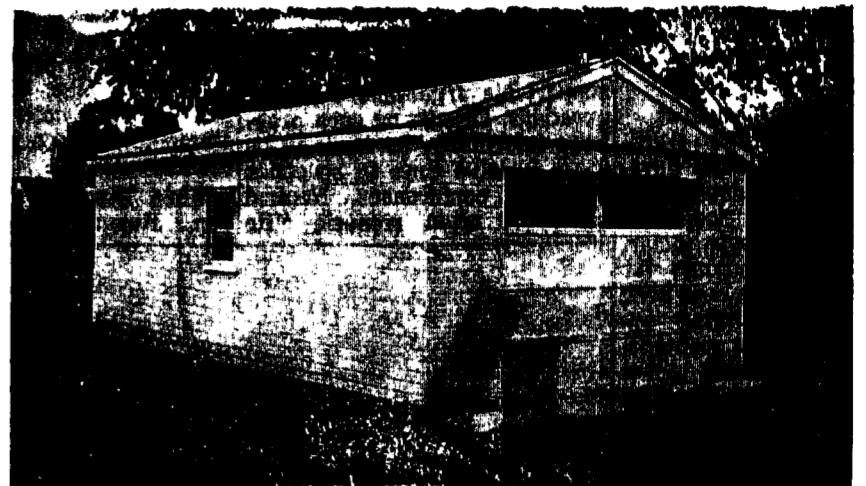

The social meeting for the month was held Sept. 26th at the home of Barbara Madsen. Bridge was played with prizes going to Hallie Steinheimer, Connie Roegge and Sue Moss. Esther Ingoglia, social sponsor, was also present.

October, 1866

A NOTABLE DIFFERENCE — The difference between a bank-note and a bird-note is, that the latter is "cheep" and the former isn't.

A worthy man, when told he was about to die, said he was glad of it; he was tired of putting his shoes and stockings on and off. And this is about what life gets reduced to at seventy.

A Western paradise is thus described: "No income tax, no internal revenue; so spies to see if you treat a friend on Sunday; no special police; no dog-tax, school-tax, or bounty fund. And, to end with, the Indians and half-breeds can't tell one green-back from another, so all our ones are tens."

## Chicago Livestock Market Report

CHICAGO (AP)—The market for butcher hogs was never better than steady last week until a very active demand on Friday boosted prices 25 to 50 cents.

The top of \$24 then was the week's highest and up 75 cents from Thursday's peak. The high a week ago was \$24.25 a week ago, paid on three days. Offerings were somewhat more liberal last week and amounted to 24,500 head, largest in more than three months and up 2,000 from a week ago.

For the week, prices were steady to 25 cents higher with the average estimated at \$23.06 compared with \$23.81 a week ago and \$23.16 a year ago. During the week, the market hit its lowest level in about a year.

Slaughter steers closed steady with a week ago after a moderate recovery on reduced offerings late in the week. However, the average price, estimated at \$15.75, was the lowest in six weeks. It compared with \$26.05 a week ago and \$28.68 a year ago.

The market for spring slaughter lambs was 50 cents lower.

## New York Stock Market

NEW YORK (AP)—The stock market declined for the second straight week, making an approach to its 1966 lows.

Both glamor stocks and blue chips were hit hard during the week. On Friday the list sank below the year's low it made on Aug. 29, but prices recovered enough so that the averages closed with a gain.

The performance was not strong enough to leave any superabundance of confidence in Wall Street as the week ended. Many issues ended the week with very sharp losses. The most actively traded issue on the New York Stock Exchange, Fairchild Camera, was down 15% points.

The Dow Jones Industrial average fell 16.75 to 742.2. This left it above its closing low of 757.03 reached Aug. 29. While Friday's temporary fall below that level and the recovery before the close might have been regarded as a test, it was a minor one and not conclusive in the eyes of most stock analysts.

The Associated Press average of 60 stocks last week fell 5.8 to 79.6.

Volume for the week was 29,580,571 shares compared with 25,189,000 shares the previous week.

Of 1,574 issues traded, 1,000 declined and 413 advanced.

Among many key stocks, the performance was not conspicuously bad. For instance, AT&T closed the week at 51 1/4, showing no change. General Motors took a loss of 1% at 74 1/4.

The sights were lowered on prospective earnings for Motorola, however, and this brought considerable selling to the stock. It plunged 23% points to 107 1/4.

Douglas Aircraft lost 13 1/4 at 36 1/2. Boeing dropped 6 points, Zendo 4 1/4 and Admiral 3%.

Auto manufacturers and their suppliers were adversely affected by predictions of very tough competition in the 1967 model year. Du Pont and some other blue chips were set back by downward revision of earnings estimates.

Prices rose sharply in all departments of the bond market during the week.

## Nervous Gunman Still At Large After Robbery

A nervous gunman in his early 40's was still at large Saturday after a daring holdup at Jacksonville Foods, 1417 South Main, at 8:45 p.m. Friday.

The white male walked into the supermarket with a paper sack in his hand, according to Earl Terwische, owner of the store. Once inside, the gunman confronted Terwische with a silver-plated pistol and demanded all the cash. Terwische said he was in the process of closing the store and had the bills in an envelope.

Sheriff Harold E. Wright said Saturday that the bandit made off with approximately \$65 in cash.

The gunman was described by the store owner as "nervous," heavyset, wearing shabby clothes and a dark cap. The gunman cocked the pistol for time, but did not wait for the change. The gunman left the paper sack he brought in the store laying on the counter as he retreated from the building. He quickly hopped into a waiting "old model car" and sped away.

Mrs. Mary Scanlan, an employee at the store, watched the gunman leave but was unable to identify the make and model of the car. The old car turned west on West Pennsylvania and sped out of sight. Terwische, meanwhile, notified sheriff's officials.

All available state, county and city police units were searching for the auto and the man Friday night.

Terwische is no stranger to bandits and safecrackers. During his tenure as owner of the supermarket the store has been robbed several times and the safe cracked. The last incident, April 1 of 1964, involved the "blue bag bandit" who also entered the store and walked off with a large amount of cash.

On the committee assisting Mrs. Anders were Mrs. George Lashmet, Mrs. Wayne King, Mrs. Ralph Heaton, Mrs. Chester Thomason and Mrs. Harry Driver.

The dinner was served from a table decorated in a fall theme.

In attendance were Mrs. James Dolen, Mrs. Muriel Hardy, Miss Ruth Reeder, Mrs. Paul Markille, Mrs. Herman Veder, Mrs. Emory Waid, Mrs. Allen Dolen, Miss Margaret Helen Kinison, Mrs. Mac Day, Mrs. Edward Wild, Mrs. Everett Hester, Mrs. Ernest Jameson, Mrs. Martin Turner, Mrs. Lillie Hanback, Mrs. Mabel Campbell, Mrs. Oona Edwards and the hostess.

She was a member of the Greenfield Methodist church, and the Fleur-De-Lis club. She was a past matron of the Greenfield O.E.S. chapter and had been a member of the organization for more than 50 years.

# Dodgers Clinch Tie As Bucs Drop Pair

PITTSBURGH (AP) — The Los Angeles Dodgers clinched a tie for the National League pennant Saturday as San Francisco knocked Pittsburgh out of the race by sweeping a doubleheader from the Pirates, 5-4 on Ollie Brown's hitting and 2-0 behind Bob Bolin's one-hit pitching.

The Dodgers were rained out at Philadelphia but now must win only one of their two games Sunday to gain their second straight pennant.

The best the Giants can do is gain a tie for first. To do that, they must beat the Pirates Sunday and Cincinnati Monday while Los Angeles loses twice to the Phillies. The Dodgers now are two games ahead of San Francisco. The Pirates fell to third place, 2½ games back.

The Giants' first-game victory gave the Dodgers the tie, and the second one eliminated the Pirates.

**Marichal Wins 25th**

Juan Marichal gave up 13 hits in the opener but a two-run rally in the eighth inning brought him his 25th victory against six defeats.

The Giants trailed 4-3 going into the eighth but Jim Hart led off with a walk and was sacrificed to second. Brown, whose two-run homer capped a three-run rally in the fourth inning,

**Bills Face Big Test At Kansas City**

By MURRAY ROSE  
Associated Press Sports Writer

Buffalo's defending champions hope to give the Kansas City Chiefs a dose of their own medicine Sunday when the Bills visit Kansas City in the key game of the four on the American Football League's program.

The surprising Chiefs, 3-0, have traveled to Buffalo, Oakland and Boston for home openers on successive weekends and have proved to be ungracious visitors by winning each time.

Kansas City, with Lee Dawson's hot passing backed by the running of Bert Coan, Curt McClinton and rookie Mike Garrett, may be just as mean in the role of host. The Chiefs are surprisingly large 1½ point favorites over the Bills.

In the other Sunday games, the Chargers, 3-0, co-leader in the West with Kansas City, are a prohibitive 27 point choice over Miami, 0-3, at San Diego; the New York Jets, 3-0, leaders of the Eastern Division, are 7½ point favorites over the Patriots, 1-2 at Boston, and Houston, 2-2, tied for second in the East with Buffalo, a 10-point choice over the Broncos, 0-3, at Denver. Oakland is idle.

Last week Buffalo edged Houston 27-20 while Kansas City walked Boston, 43-24, with Dawson hitting on five touch-down passes.

New York's Joe Namath and Co., 16-7 winner over Denver last week, lead in virtually every offensive and defensive department.

San Diego just got by Oakland 29-20 last week, but now has its elite corps of running back in Paul Lowe, Keith Lincoln, Jim Allison and Gene Foster, who are ready to go with the passing of John Hadl.

George Manker continued to dominate much of the high scoring activity during last week's league action by tying his city-high 673 series mark.

Manker's 259 game and a four game total of 874 by Wally Baptist remained as the city-wide scores-to-beat through the week.

Manker's 673 effort came in Thursday Night Men's League play, aided by a 257 game, only two pins off his city high. Birdsall Candies and Capitol Records share the circuit's top slot with 84 records.

Birdsall's 300s series and a 1066 game by the Jokers captured high team honors for the night.

—O—

Rollin Mansfield found the range for a 252 game on way to a 588 series in pacing Jim's Big Value to a two-game spread over the Community League field Friday night.

Mansfield's high game effort rated as high for the year, and lifted his squad to a 119 game, best of the week. Anderson-Clayton coupled 1013, 972 and 1006 to take series honors with a 2991.

—O—

Additional strong high shooting in city play came from Howard Arundel, whose 245 game and 829 series highlighted action in Friday night's 3-Man Scratch Classic League.

Wade and Dowland, who led all entrants with a 604 game and 2238 series, leads the circuit with a 177 record. The Dodge Boys' Warren Seaman holds down the high average column with a 189 pace.

—O—

A Wade and Dowland sponsored unit also remained atop the Elks League standings through last week's play behind a 556 series by Mike Apulis.

The leaders took 2 of 3 from Henry Welch, who dropped off a second place tie with Blackhawk Village.

Jacksonville Foods no. 2, lead by Lloyd West's 246 game, posted the high game (1080) and series (3015) marks while taking 2 from the Blackhawk. Chuck Gaudio had high series of the week with a 689. Ralph Eoff leads the league with a 189 average, followed by Darrell Strubbe and Alan Smith with 185s.

—O—

Led by Ken Roger's 747 series, Hembrough Motors moved into first place in the Tuesday Night 3-Man Handicap League by running their unbeaten string to 12 straight.

Marvin Zulauf of Price Masonry led the series race with an 886 mark, while Bill Shouse recorded high game on a 280 outing.

—O—

T & C Sales held on to their City League lead Wednesday night, while the Triangle Club and George's Pizza closed to within a half game.

John Eoff paced all scorers with a 599 series, with B. Strubbe netted high game on a 233.

—O—

The D-2 unit, aided by the week's high game of 635, moved to one-game lead in Kordite Women's League play Monday.

Gert Lambert lead all scorers with her 218 game and 527 series, while C-2 captured the high team series via their 2304 total.

Urban McDaniel fired a 222 game on way of a 580 set to highlight Junior Commercial League play Monday night. Both figures rated as high for the night.

Williamson's 2913 series and Doyle Insurance's 1026 game also netted weekly best honors. The Club Herald presently holds a 9-3 record to lead the circuit by one game.

—O—

A three-game sweep kept Meadow Gold on top of the Queen Pin League charts last week, one-game ahead of George's Pizza. The leaders captioned high series honors (2301), while Johnson's Color Mart took the team game title (841).

A 208 effort by Betty Davidmeyer and Charline Donovan's 521 series led the individual statistics.

—O—

Rallying by several standings trailers and the lack of sweeps by upper bracket units have resulted in a multi-team race for the Town and Country League lead. North Jacksonville Foods still holds a one-game lead over the field, yet six other units stand less than three games off the pace.

Carl Alexander led all scorers with his 235 game and 604 series last week, while the leaders took team series honors with a 2684, and tied with Brown Finance for high game (835).

—O—

Agan's Oil combined 834, 828 and 724 for a record-setting 2384 series in Ladies Merchants League play Tuesday. W.J.I.L. won 2-1 to remain atop the circuit by a 14 game margin.

Dorothy Eoff's 809 series, coming on 181, 170 and 158 games, led all scorers, as did St. Procopius' as a 12 season mark and Eureka is 1-201 single-game effort. John

## GB, Cards Seek 4th Straight

By BEN OLAN

Associated Press Sports Writer Green Bay and St. Louis, conference leaders in the National Football League, shoot for their fourth straight victories Sunday with the Packers appearing to have the easier assignment.

For one thing, the Packers, Western Conference pace-setters, will be at home for their game against the Detroit Lions. The Cardinals, occupying first place in the Eastern Conference, will be at Philadelphia against an improving Eagles' team.

The undefeated Packers and Cards are favored to win, Green Bay by 13½ points, but St. Louis by only 2½.

In other games, Dallas, 2-0, is at Atlanta, 0-3; Cleveland, 12-2 is at New York, 0-2; Chicago, 0-2, at Minnesota, 0-2-1; and Pittsburgh, 1-1, at Washington, 1-2.

The Lions, who split two meetings with the Packers last season, won their second game of 1966 against one loss last weekend by beating Atlanta 28-10. Milt Plum was the Detroit star with 19 completions for 230 yards and two touchdowns.

St. Louis and Philadelphia will be meeting for the second time this year. The Cards won the first one three weeks ago, 16-13, on Jim Bakken's field goal with five seconds left to play.

The Cowboys will be playing their first road game against the new Falcons. Dallas came from behind a 10-0 deficit last week and beat Minnesota 28-17 to remain only one-half game behind the Cardinals. Winless Atlanta, with Juniper Coffey and Ernie Wheerling doing most of the carrying, lead the league in average yards per rush with 4.8.

Cleveland has won its last four games against the Giants, who will be playing their first home game. Leroy Kelly, Jim Brown's replacement, rushed for 109 yards and three touchdowns against St. Louis last Sunday.

The Bears and Vikings each beat the other with a last minute rally in 1965, Chicago winning 45-37 and Minnesota 24-17.

The Washington - Pittsburgh game is a rematch of last week's tilt, won by the Redskins 33-27 on the Steelers' field. Charlie Gogolak and Sonny Jurgenson were the standouts in that one. Gogolak kicking four field goals and Jurgenson completing 20 of 33 passes for two touchdowns.

The odds also favor Dallas by 17, Cleveland by 12½, the Bears by one and the Redskins by 6½.

Peek's Excavating, who retained a one-half game lead over Jim's Big Value, recorded high game and series marks for the night with 1086 and 3148 figures.

—O—

Four new circuit highs were recorded in the CD of A League Tuesday, while Dempsey's TV took sole possession of first place in the four squad standings.

Lucky Boy set new high game (764) and series (1857) marks, while Louise Smith's 487 set and a 181 effort by Irene Hoffman also replaced previous league highs.

Cock-A-Doodle Doo ran their unbeaten string to eight games to take a commanding three-game lead over the Sr. Commercial League field Monday night.

The Bowl Inn, one of three teams tied for second, netted high series on a 3018, while Faletti capped the high game with a 1056. High individual honors went to R. Beck and Marvin Zulauf on respective 634 series and 247 single game effort.

—O—

High series and game efforts by Janet Hise and the Happy Losers highlighted Tuesday Afternoon Ladies League action last week.

Mrs. Hise grabbed top individual honors with 212 and 505 totals, with team highs going on 656 and 1728 figures. The Newcomers, despite a 1-2 outing, remained atop the lead-game standings with a one-game advantage over two other contenders.

—O—

The Hawks' margin of victory, however, came on quarterback Dave Boudas' 28-yard field goal with 18 seconds left in the first quarter.

Minnesota's running quarterback, Curt Wilson, couldn't move the Gophers and Carlson came on in the second quarter to hit five straight passes in a 50-yard scoring drive. Carlson passed nine yards to Ken Last for a touchdown that cut Kansas' half-time margin to 10-7.

Then Carlson completed four of five passes and ran for 35 yards on two carries to spark Minnesota's 64-yard scoring drive in the fourth quarter. Carlson passed two yards to Chet Anderson for the score, Anderson making the catch after a Kansas defender batted the ball into the air.

## New YMCA Director Prepares Program, Sets Sights High

October will introduce to Jacksonville some of the new programs of the Sherwood Eddy memorial YMCA, and the Y's executive director Robert Mowry.

Mowry, a native of Warren, Ohio, is highly enthusiastic about the potential "ripe for developing" here.

"Jacksonville, and the area are ready, and we're ready to time personnel to handle provide a real Y," he exclaims. "He says he sees two obstacles that must be overcome: changing the YMCA image from a physical director; a second responsible for all youth activities, and a third working in the field of women's and girls' programs."

"The second, and most important, will be community response. We, and when I say we, I mean the Y, want the people to feel that the YMCA is here to provide a service in the community.

"This will only be possible, however, if the residents take advantage of the facilities."

As Mowry relaxed in the YMCA office, surrounded with paperwork, he explained that the new building would not be completed until 1967.

### Construction Slow-Up

He stated that test drillings at the new site, in the West part of town, had to be re-drilled when a softer base than had been anticipated was discovered by the contractor.

However, this will not stop activity from starting in the old building he urged.

He waved a program brochure listing 36 activities planned to begin within the new few months.

"I envision 150 programs in the new building, if the community reacts to the potential that exists in this type of YMCA," he stated.

Mowry comes to Jacksonville from Youngstown, Ohio with a knowledgeable background in YMCA administration and programming.

There, two YMCA facilities serve a population of a million people. The Y where Mowry was number two man contained a membership of 15,000 youths.

Mowry foresees the day, when the new building is completed, that it won't be uncommon for from 300 to 600 youths to use the facilities on a Saturday.

**Proposed Membership**

"We hope to be able to obtain 15% membership of the 28,000 population of the surrounding area within the first year, however, only 8% of that is being used as a basis for a budget," he added.

He explained that until the local YMCA can obtain their own cost study analysis, "we will have to go along with national guidelines on estimating membership costs."

Mowry said that youth members will probably run \$18 per year, and estimated that this would be relatively inexpensive. "We figure it will take \$40 to service each youth."

"So, this will mean \$22 will have to be subsidized from other memberships, such as the exclusive \$150 per year health club."

Critical comments concerning the price of an individual youth membership have been aired in recent months by residents of those who get cancer could and should be saved if they would go to their physician in time for an early diagnosis and prompt treatment.

**Robert McGinnis Dies, Set Rites At Loami Monday**

Members of the Republican Caravan will join Congressman Paul Findley Monday in a whirlwind tour of the 20th Congressional District touching Jacksonville in late afternoon.

Jacksonville's Harris Rowe, Republican candidate for State Treasurer, and Superintendent of Public Instruction Ray Page will press their campaign in the district at factory gates in Quincy at 7 a.m. Monday.

They will tour the Beardstown business district at noon Monday, followed by a trip to Chandlerville where they will attend a fish fry at the Questing Hills Farms.

Mowry answered, "Presently, membership rates run \$1 and \$2 for youths, and they have not been receiving much of a program."

"But, an \$18 membership for kids per year will be a real buy with the new facilities. We have been equipped with 1900 tools trying to do the job in 1966."

"By 1967 we will have 1967 tools with which to offer the people and children of the community in a YMCA program."

He pointed out that he used the word tools in relation to facilities and programs available to members.

**Guarantee All**

"I guarantee that no youth, found deserving and willing to participate in the YMCA program will be excluded because of his own individual financial hardship."

He stated, that when youths, unable to afford their own membership are located, "the YMCA will take care of them, either through individual sponsorship, or a civic organization."

Relating Youngstown's plan, Mowry added, "However, no youngster will be given a membership. We hope that the youth will show his appreciation in the form of some act, whether it be volunteer work, or jobs assigned around the building."

Today, on paper Mowry noted, the local YMCA officials expect to have three additional full-time employees.

SWEATER GREW AND GREW Here is the story of the ribbed sweater and how it grew. The first sweater cut short a little below the waist, with or without a turtleneck and wide ribbing. Then the same wide ribbing grew a little, until it reached the hip and added a belt and long sleeves. Taking a narrower ribbing, the sweater grew until it stopped just short of the knees.

## Jacksonville-MacMurray Music Association 1966-67 Concert Season

### THE ORCHESTRA MICHELANGELO di FIRENZE

#### Opening Concert Oct. 26th In Merner Chapel Memberships Are Still Available

The membership drive for the Jacksonville-MacMurray Music Association is underway for persons wishing to attend the 1966-1967 concert series. Robert E. Geiger, president of the Association reported last week at the group's board of directors' meeting.

This season's program features the Norman Luboff Choir along with three other outstanding concerts. Mrs. George Clark, vice president of the joint college-community music project, is serving as membership chairman. Mrs. Clark urges both former members and newcomers in Jacksonville not delay in purchasing memberships since requests are honored on a first-come-first-served basis.

**Norman Luboff Choir** The touring Norman Luboff Choir is composed of thirty professional singers and four instrumentalists whose repertoire is virtually unlimited, and who are equally at home in the cantatas of Bach or the hit tunes of Broadway. Except for the classical selections Norman Luboff arranges most of the material himself. Luboff arrangements have been heard regularly on such television programs as "The Telephone Hour," "The Dinah Shore Show," "Ford Star Jubilee" and the Jerry Lewis Show. The Choir has made nearly thirty LP albums for RCA Victor and Columbia.

**Charles Rosen, Pianist** An unusually talented American pianist started his career by making the first complete recording anywhere of Debussy Etudes. This accomplishment, achieved when he was only twenty-five years old, was declared "the definitive recording of these works for many years to come." Rosen studied under Moritz Rosenthal and Mme. Rosenthal, and worked in composition and theory with Karl Weigle. In addition to his keyboard virtuosity, Rosen holds both the MA and Ph. D. degrees in French Literature from Princeton University, where he was graduated summa cum laude and Phi Beta Kappa. He has recorded works by Scarlatti, Haydn, Mozart, Beethoven, Brahms, Schumann, Schubert, Liszt, Martini, Poulen, Debussy, Ravel, Stravinsky, Bartok, Schoenberg and Elliott Carter.

**Orchestra Michelangelo of Florence Italy** The Orchestra will make its first tour of the United States this concert season. Its seventeen members are drawn from the most gifted orchestral musicians of central Italy. The backbone of the group is the parent string quartet, consisting of Enzo Porta and Umberto Olivetti, violins; Emilio Poggioni, viola, and Italo Gomez, cello. Their performances have received acclaim throughout Western and Central Europe and South America. The repertoire of the orchestra includes the Baroque and Classical periods and rarely-heard works of the nineteenth century.

**Golden Curtain Opera Quartet** This will be the second appearance of the Golden Curtain Quartet in the Music Association series. The young singers presented their debut concert in Jacksonville in 1964. Composed of gifted American singers associated with the Metropolitan Opera of New York City, the Quartet presents a delightful program ranging from grand opera to hits of Broadway.

**Mushrooms Topic For Audubon Program Oct. 7**

The October regular meeting of the Morgan County Audubon Society will be held on Friday evening at 7:30 at the Jacksonville Public Library and is open to the public.

Miss Ethore Stoldt, head of the biology department and teacher at Jacksonville High School, will present and discuss the subject of "Mushrooms."

**Mrs. McCarthy At Garden Club Meet In Chicago**

Mrs. Frank McCarthy, president of the Morgan County Garden Club was in Chicago last week attending meetings of club interest.

On Sept. 19th she attended a President's Council Day at the Edgewater Beach Hotel for garden club presidents from the state and their program chairmen. State officers outlined work for the year.

A luncheon was served in the Crystal Ballroom where all appointments were arranged by members of the Elgin Gop.

Mrs. Francis Tucker presented the afternoon program on The History and Development of Illinois State Parks.

A flower show school was held over a 3-day period at the Elgin Hall of Art Institute where speakers were heard from Arkansas, Indiana and Illinois.

A new special showing of oriental art was of great interest to the close to 300 attending.

**JAN CLINE SORORITY PLEDGE**

Miss Jan Cline, daughter of Cecil Cline, 318 East Superior street, was recently pledged to Drake University Chapter Delta Zeta social sorority which is one of the eight national social sororities on campus. Rushing activities were held the last week of school.

### Aid To Refugees Is Urgent Need

More than 20 years after World War II, 40,000 refugees from Iron Curtain countries annually seek political haven in Western Europe.

There were more new refugees in 1965 than in 1964, and there will be more in 1966 than in 1965. Not is this solely a European problem; it is a worldwide phenomenon.

The United States is currently flying 4,000 refugees a month from Cuba, adding to the 300,000 already in this country.

Last year 30,000 escapees from Red China entered Hong Kong, to bring the total there to over 1.5 million.

There are at least a million refugees in Africa, the human flotsam tossed up both by colonialism and the authoritarian regimes of some of the successors of colonialism, driven out by tribal enemies as well as the rivalries between new sovereign states.

And in South Viet Nam over the past two years, some one million villagers have fled their homes in the war areas for the coastal districts under government control. Included among them are 110,000 war orphans.

By early 1966, war displaced persons in South Viet Nam comprised 6 per cent of the total population—more than had been uprooted by the parti-

tion of the country 10 years before.

The figures are reported by the International Rescue Committee, a non-profit, non-sectarian, private organization that was formed 33 years ago in response to the refugee movement spawned by the advent of nazism in Germany.

The Free World's facilities to cope with this avalanche of human misery are grossly inadequate, says the committee, which last year was able to give direct aid to about 50,000 refugees on five continents.

The institutional framework which was developed for yesterday's needs no longer corresponds to the changing refugee problem, charges William J. vanden Heuvel, president of the IRC. What is needed is a whole new approach.

"The many organizations, programs and measures devised to alleviate the suffering of people displaced by military and political events will have to be updated, made flexible and endowed with imaginative leadership in order to cope with the task at hand."

Paradoxically, says the IRC, in a world that prides itself on a growing internationalism, the only true citizen may be the refugee.

But he is a citizen without a home in this brave new world.

### The Manila Conference

President Johnson's forthcoming participation in a seven-nation Vietnam war conference in Manila cannot fairly be dismissed as a mere political gesture intended to give the Democrats a boost in November. Nor is it sound to assume that, because the countries involved are all our allies and no other major powers with an interest in Vietnam will be represented, nothing can come of the sessions.

There is some truth in both of these views, but it is not all of the truth.

A late-October trip by the President to meet with leaders of other countries with military forces engaged on our side in Vietnam would be good political medicine for the Democrats. But even those who most cynically charge President Johnson with a politics-first attitude must concede that nothing would be better for him politically speaking, than to bring about peace.

There is every reason to suppose, besides, that Mr. Johnson is profoundly

interested in achieving peace for its own sake. Nothing more surely threatens his domestic program, and his hopes of going down in history as a great president, than continuance of the war.

The important question, in the present context, is whether the Philippines conference can be expected to have any constructive results. The unpleasant fact is that the chances of these are small. Yet there is at least some basis for hope that, as Senator Fulbright put it, a "new initiative" may emerge from the talks. Anything along these lines with the slightest possibility of success is worth trying.

The conference should not be written off as a failure before it takes place. One must keep in mind, however, that at such a conference there can only be agreement on strategy among allies. The application of that strategy to bring the war to an end is the vital task that must follow on whatever is done at Manila.

#### Dear Ann:

#### Column Teaches Much About Life

By ANN LANDERS  
Mrs. Ann Landers: Your column is worth its weight in gold. There's so much people can learn about life just by reading what SOME people consider a problem.

One woman is ready to divorce her husband because he smokes. Another woman says she can't stand the sight of her husband's socks and shorts on the floor. A third crackpot complains because her husband asks her to place long-distance phone calls for him. Still another nut says she is married to the most selfish man in the world. He likes to look at sports events on TV.

Well, my husband has every one of the faults mentioned and a few more besides, but he's the kindest person I've ever known, a wonderful father to our children and I consider myself lucky to have him.

I'd like to ask these complaining wives a question. Are you perfect? If you are, then I take back everything I've said. If not, then shut up with your complaints and start talking up your husband's good points. You'll be much happier, and he will be, too. —CONTENTED WIFE

Dear Wife: I can just hear the males of America—"Read this, Honey."

Dear Ann Landers: I am 22. My boy friend is 25. I have been

going with George for a year and a half. I've talked seriously about marriage.

I have never met his parents and I feel awfully hurt to think he has made no effort to arrange a meeting. They live in an outlying suburb. We could drive there in less than an hour.

When people ask me how I like George's folks I don't know what to say. It's too humiliating to admit I have never met them.

I am no beauty but I'm average looking and a neat dresser. I don't think he is ashamed of my looks so it can't be that. What do you make of this? —CHICAGO CRY FOR HELP

Dear Chicago Cry: Maybe George is ashamed of his parents—or where they live. Whatever the reason, it isn't good enough. A young man who goes with a girl for 18 months and talks marriage should certainly introduce his fiancee to his parents, even if they have two heads apiece and live in a broom closet over a bowling alley. Tell him.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped self-addressed envelope.

Dear Ann: I'm 45, a widow, financially comfortable. My son is in the Navy and my daughter is moving to another city in a couple of weeks. I never realized how much of my life my children occupied until now. My problem: Boredom.

This summer I found a part-time job. It kept me from going completely nuts, but I didn't

know anyone exciting. I've gone through the club woman routine, so please don't suggest that. Church work attracts hypocrites and scrobballs. Political groups are a waste of time. I'm fed up with bleeding hearts and left-wing goofs.

What can you suggest to help me? —BORED

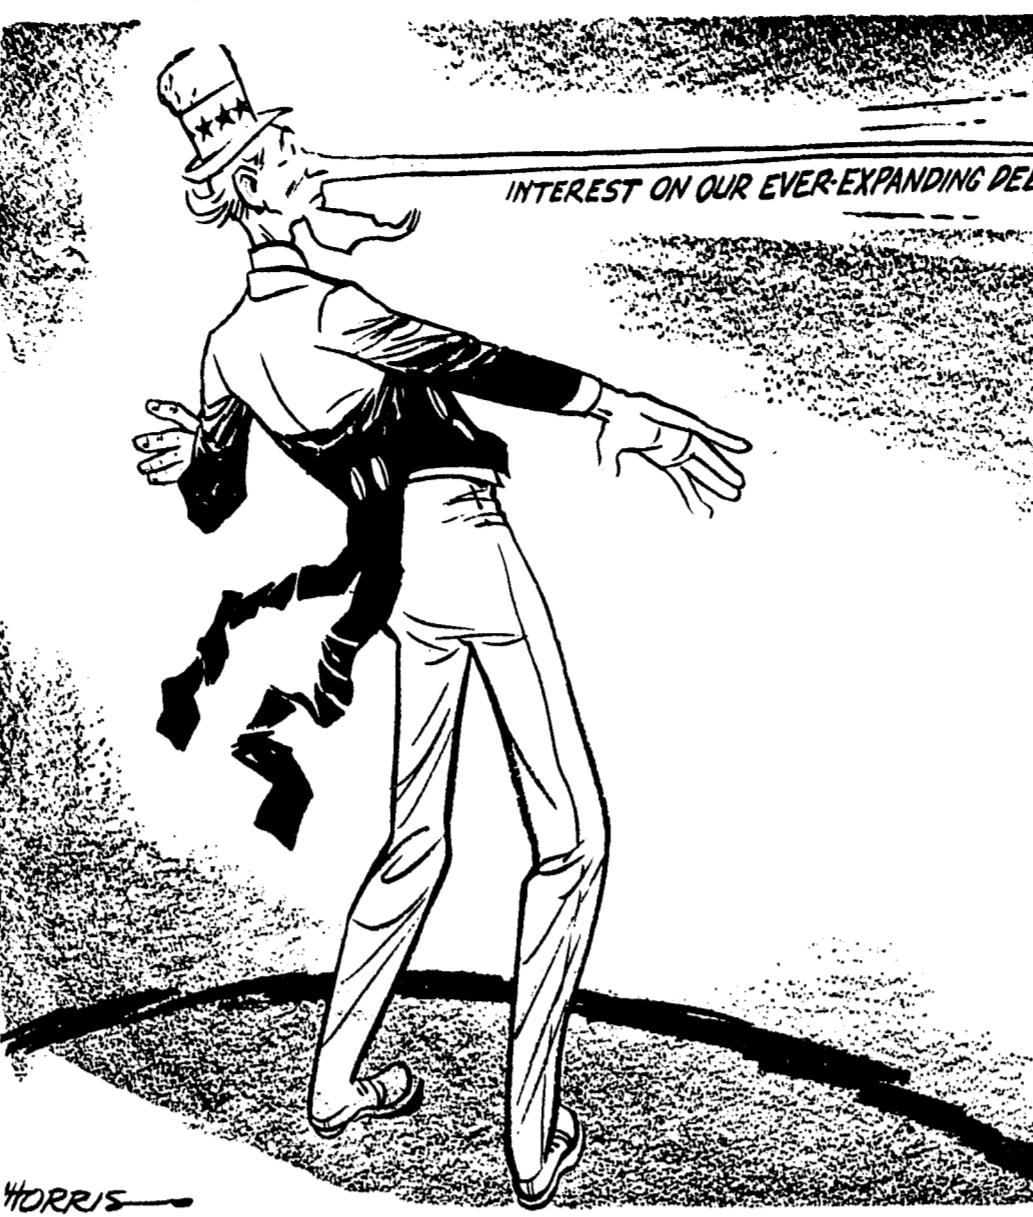

Dear Chairman of the Bored: Not a darned thing. You want someone to come into your life and make your life exciting—and it just won't happen. If ever there was a Do-It-Yourself project this is it. I hate to be corny, but it's a fact that no one ever got more out of life than he put into it.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped self-addressed envelope.

### FINDING THE WAY

#### What Is Your Epitaph?

After some 22 lines of this recounting of personal history there appear these concluding lines:

"For her character and other details,

See the Gentleman's Magazine for May, MDCCXII."

The quotation, six lines of praise, indicated the remarkable qualities of the Viscountess Lora. I shall remember her for this precise footnote.

What footnote do you want on your tombstone? It could be a reference to some passing tribute in the daily newspaper. If so, be sure that it's properly dated and listed.

Perhaps we shall be remembered as those whom Stephen Spender described:

"... those bald at thirty Englishmen

Whose polished foreheads are the tombs of record sales."

It might be the postscript concerning that eminent architect, Sir Christopher Wren, whose memorial in St. Paul's in London bids those who would see his lifework "to look about you."

Perhaps we had better follow the injunction of Jesus who thought it better to escape from the worry of anxiety of what others might footnote, and so stated simply, "He who would find himself, must lose himself."

#### Love Thy Neighbor Who Has a Need to Be Right

#### By MURIEL LAWRENCE

DEAR MRS. LAWRENCE—I have to put up with a woman on our street because our husband goes bowling together. She always has to put me in the wrong. She'll walk right into my kitchen without knocking. If I'm making a salad for supper she will tell me how all men should be given one hot meal a day. This afternoon it was my slip covers. When I told her I'd sent them to the cleaner, she said, "Putting them through the washer is much cheaper." She always has to be righter than I am about everything.

ANSWER—She sounds horrid. But don't run off with the notion that she thinks she's righter than you are. Because she doesn't think that. She thinks she's wrong about everything. That's why she has to try to make you feel wrong about everything. The thought of her always being wrong is so lonely and oppressive that she needs company in it.

It's probable that she isn't even talking to you when she tells you she knows more about nutrition and economy than you do. The probability is she's talking to the accuser the poor soul's got inside of her; the accuser which keeps whispering.

They need soothoing. And if we can hear the crushed child in them pleading for their little crust of rightness, we can say soothingly, "Maybe I was wrong. Maybe I have been extravagant—and should have put the slip covers through the washer." It's warm milk—but they are babies.

#### Best Food Buys This Fall

#### By GAYNOR MADDOX

Newspaper Enterprise Assn.

Q — Can you tell me what foods will be plentiful in October?

A — For the first time in many months pork will be plentiful. Other foods on the plentiful list for October issued by the U.S. Department of Agriculture include broiler-fryers, apples, rice, pears, grapes and dry beans. When an item is in plentiful supply, you can reasonably expect somewhat lower prices at your market.

Q — With rising food prices, I'm trying to get the most nutrition per dollar for my family. Is it true that potatoes are one of the best buys?

A — Yes. They not only have some protein, but their high mineral and vitamin content, and the large amounts consumed make them an outstanding protective food as well. It is possible to satisfy hunger and stay healthy for weeks and months eating only potatoes and a bit of fat. One dollar spent for potatoes provides more thiamine (vitamin B-1) than the same amount spent for any other food. At the same time, potatoes are third (after citrus and cabbage) in yield of vitamin C per dollar. Potatoes are also high in fiber, protein, and carbohydrates.

If taxes get much higher, withholding may exceed take-home.

It takes more than a couple of jerks to do the modern dances. They are very low fat (one part B-vitamin, and also of iron). Whenever you cuss the government, remember the government is all of us.

# So, Your Groceries Cost Too Much!! And What Doesn't?

Don Walker, a young man well known by the farmers and livestock feeders of this area, is now the secretary of the BEEF COUNCIL of Chicago.

He sent this material to newspapers hoping some of the editors would use them as fillers. Some of them shall, but we're going to run them all at the same time.

Memory recalls that Congressman Johnson always advocated and voted for 100% parity. So did Senator Johnson, and Vice President Johnson advocated the same thing. Yet, when he became President and was confronted with the "consensus," whatever that may be, he decided 82% of parity was too costly to the housewife.

Good farmers are making some money, but many of them were hard hit by the drought and ghastly heat of last summer. Some of them owe as much as \$40 per acre on a field of corn that won't make 40 bushels to the acre. Young men shy away from the farm, and unless they can be attracted back this country will face a food shortage, maybe actual hunger, in less than a generation.

All this while we ship two boatloads of wheat to India, every day, for free.

Let's read Don's observations:

Americans are eating better than ever, and spending a smaller proportion of their after-tax dollars to do it.

Modern agriculture provides consumers with roads . . . in greater abundance . . . of higher quality . . . with greater variety . . . with more convenience . . . at a lower cost in relation to their take home pay.

The food industry is providing somewhere in the neighborhood of 210 billion meals per year at an average cost of less than 40 cents per meal.

Way back in the 1870's food took 58% of all the consumer earned. Now, the figure is 18.2% of disposable income — the lowest in history.

Consumers now spend less than a nickel of every quarter of their disposable income for food. Of this amount, the farmer gets less than 2 cents.

Mrs. Housewife is not only spending less of her disposable income for food; she's getting more. More food . . . greater variety . . . higher quality . . . more wholesome . . . more convenient foods . . . and more services.

Americans are consuming more meat, poultry, dairy products, fruits, and vegetables—all of which are considered desirable in a healthful diet—than ever before, even though they are spending a smaller portion of their disposable income for food.

Today's consumer spends 18.2 cents of each after-tax dollar for food. This compares with 29 cents in England, 31 cents in France, 45 cents in Italy and 53 cents in Russia.

Less than 8% of the American people produce the food and fiber for all the rest. Other Americans released from agriculture are thus able to produce.

GRASS STILL AN IMPORTANT FEED!  
Grass crops are still the greatest source of livestock feed in the United States. At the present time 50 per cent of all livestock feed units come from forages. This includes hay, pasture and range lands. Beef cattle account for half the total. Dairy cattle consume about 35 per cent. Sheep, goats, hogs, poultry and horses use the remaining 15 per cent.

Over 30 states now have a forage or feedstuff testing service. In fact, some state laws require a forage test on hay before it can move in commercial channels.

## Illinois Farm OUTLOOK

### GOVERNMENT CROP ESTIMATES BASED ON WEATHER FACTS

Farmers often ask about the accuracy of government estimates of crop and livestock production. Our answer is that the government figures are not 100 percent perfect, since they are compiled by human beings. But they are the best statistics that are available. They are widely used and highly regarded by people all over the world who have need for such information.

The United States Department of Agriculture has been in the agricultural estimating and reporting business for 100 years—it was started in 1866. Two groups of people cooperate to produce the government reports. They are (1) grass-roots reporters—mostly farmers who have volunteered to supply regular reports to state offices—and (2) professional agricultural statisticians who combine the reports from farmers into state and national reports. Thus the state and national reports represent the combined knowledge of thousands of farmers.

Conditions differ greatly. Farmers in areas where crops are poor often feel that the government estimates are too high. This year, for example, many farmers in central and southern Illinois doubt that corn and soybean production will be as large as USDA reports say.

Crops are very poor in Central and southern Illinois. They are the poorest that I can remember in Champaign County. The USDA map for August 1 showed extreme drought here and extending south and west.

**Excellent crops elsewhere.**

Most of northern Illinois has good soybean and corn crops. Iowa has bumper crops—the best ever. Other areas with good to excellent crops are Minnesota, Wisconsin, Michigan, Ohio, eastern and northern Indiana, northern Missouri, and a long belt across Nebraska. In

summary, most of the corn belt, except central and southern Illinois and central and western Indiana, has good crops.

On the basis of September 1 conditions, the USDA expected record yields of corn in Iowa, Nebraska, Minnesota, Wisconsin, Michigan and Ohio. You can drive 1,200 miles from western Nebraska to eastern Ohio, and go through good corn most of the way.

Newly-accepted members include Donna Roth, Debbie Rule, Tracy Garland, Cindy Ridenour, Debbie Rhea and Kimberly Heitzig.

Members of the Clovers 4-H club met recently at the home of Mrs. Don Topf.

Diane Wilson presided during the business session during which club projects and activities for the coming year were discussed.

On the September 1 basis, the average U.S. yield of corn was estimated at 70 bushels an acre, which was 3½ bushels less than the record set last year. Total production was estimated at 4.1 billion bushels, 2 percent less than last year's record crop.

**Soybeans.** Poor soybean yields in parts of Illinois and Indiana are more than offset by larger acreages and by high yields in other states. The U.S. average yield of soybeans was estimated at 25 bushels an acre, ½ bushel more than last year and only 0.1 bushel short of the record set in 1961.

Soybean acreage is at a record high. Total production of soybeans was estimated at 926 million bushels, 10 percent more than last year's record crop.

These estimates are all on the basis of September 1 conditions. Lack of rain during the first half of September may have cut production slightly.

## Grange Calls Present Farm Program O.K.

LA SALLE, Ill.—Illinois farmers will receive an estimate approximately 25 per cent of Illinois' \$226.5 million in government assistance this year, National Grange Legislative Representative Harry L. Graham told the Illinois State Grange's 95th Annual Session here today.

"This figure represents approximately 25 per cent of Illinois farmers' net income," Graham said, "and, while most farmers would prefer receiving all their money from the market, they are not going to reject this amount unless there is real proof that the meiy could be obtained in the market."

"For the first time in fifty years we have a farm program which really works to improve farm income. The combination of an improved market plus government payments, purchase, and export programs has brought income from wheat, feed grains, beef and pork to an approximate parity level for the first time since 1952," Graham said.

He said it was due to the operation of the present farm programs that surplus stocks have disappeared, and cash market prices are well above support levels except for fibers and tobacco.

"Exports for cash are at the highest peacetime levels in history, cost of the farm programs have been reduced, farmers have more profitable managerial options than ever before, wheat farmers have practically unlimited planting privileges, and the modest rise in food prices from increased production costs have been less than the increases in non-farm wages and profits."

"That," Graham said, "is par for any course."

He said the present income levels would be destroyed if the farm programs were discontinued. Direct program payments will add \$135.5 million to Illinois farm income this year and subsidized exports will add \$103 million more. Market prices for wheat will return an additional \$35 million and for corn will return \$225 million above the support level.

The trouble with a lot of us is that in trying times we just quit trying.

## Teen Scene

### MUSIC' AND ALL THAT

By Christine Hembrough

Well, Teens before we get into music, and all that, when I will tell you about the photo above, I better tell you the answer to the QUESTION. (Remember last week I asked you, and everyone I met where I could find a HAPPY PLACE?)

It was the nearest to a good answer I had heard so I tried it. (I did something for the old man.) Do you know it worked!! If you should try it please let me know if it works for you too.

Any letters to the TEEN SCENE should be addressed to: Teen, Junior Page Jacksonville Journal-Courier Jacksonville, Ill. 62651 Music

Now to get to the music, and the photo above. Those are the Robbs whom you may have heard on records or on the TV show "Where the Action Is."

I got a letter about them, and I thought you would be interested in the part of the letter that tells something about each of the Robbs:

DEE ROBB, (far right) 5'9", auburn haired, blue-eyed guitar player was born June 21, 1946, in Ann Arbor, Michigan but spent most of his years in Florida. Playing musical instruments since age 8, Dee is an accomplished song writer, guitarist and singer. He is the oldest of the three brothers.

Joe ROBB, (second from left) is 5'7", weighs 155 lbs, and has brown hair and brown eyes. Joe like his two brothers was born in Ann Arbor, Michigan and raised in Florida. His birthday is September 16, 1947. He's very spontaneous about things, easy going, and dreams of being the first astronaut to the moon. Joe enjoys dating, traveling, and his music. Joe plays sax, a mean tambourine and sings. He enjoys science fiction.

Craig ROBB, (far left) the cousin of the group, is 5'11", weighing 160 lbs. blue eyes and light brown hair, is the drummer for the group. Craig started drums at the age of 9 and studied music since then. Born August 25, 1947, Craig is a native of Milwaukee, Wisconsin.

Craig received the honor of Poet of the Year at Marquette University. He has a large record collection and is extremely fond of the fans that the group has. He's very serious about physical fitness and concerned with social problems in the world. Easy going, seldom moody, and always sincere, Craig takes everything in his stride.

In the buttermilk as they did the last time," he said with a grin.

Uncle Joe looked across the table at Frank with a straight face and quipped, "She couldn't get the zoo to take the kids so she's parking 'em here, son. Well thank Heavens this is one time we won't have to ride herd over that tribe of young savages. We'll be enjoying the day at the circus."

## Prayer Poem

### Prayers

By Mary Pence Claywell

Sometimes, when prayer's unanswered,  
And nothing cometh back . . .  
Yet we have begged so very hard,  
We may, Dear Father, lack  
The FAITH, which must go with it,  
And even though we prayed . . .  
We FEARED, and failed to  
TRUST Thee,  
So . . . the answer was delayed;  
I know myself, it happens . . .  
All flesh is much akin . . .  
And though we love God dearly,  
And feel we're trusting Him,  
ANXIETY is present . . .  
For FAITH'S the SOURCE of PEACE,  
And FAITHLESS PRAYERS are WORTHLESS,  
Life's tensions . . . to release:  
And too, in prayer, we FIRST  
should ask FORGIVENESS . . . for our SINS . . .  
And then, the FAITH, we lack  
will come,  
For, All things come from Him;  
And so, at last, we find, Dear Lord,

TRUE Prayer will bring its PEACE,  
And All LIFE'S BINDING TENSIONS,  
Will suddenly . . . RELEASE!

## METER MAIDS FAIR

DETROIT (AP) — Detroit's new meter maids are impartial. City councilman William G. Rogell said he had been told by police officers that one of the meter maids ticketed a squad car in a no-parking zone while the officers were answering a call.

The meter maids were hired to relieve patrolmen for other duties.

"Uncle Joe looked across the table at Frank with a straight face and quipped, "She couldn't get the zoo to take the kids so she's parking 'em here, son. Well thank Heavens this is one time we won't have to ride herd over that tribe of young savages. We'll be enjoying the day at the circus."

No Circus?

Aunt Stella gave him a quieting look. "Oh, come now, Joseph. The children are not really as bad as all that. I'm sure you and Frank won't mind keeping them while I run into town with Cousin Emily."

"What! And lose out on the circus while you and Cousin Emily make every shop in town looking for bargains," Uncle Joe exploded. "Oh no! We're getting out of here before she blows in with that horde . . ."

"Now don't be ridiculous, Joseph," Aunt Stella interrupted him. "Cousin Emily is taking her voice test at the studio today. She's waited months for the opportunity, and quite naturally she wants me there to accompany her on the piano!"

She was back in a moment. "It was Cousin Emily," she said nonchalantly. "She's bringing the children over for a day!" Uncle Joe called after her. "Frank looked up quickly. "Aunt Stella's eyes. "When it's time to go, we'll put the cat in the circus down the drain. Uncle Joe," he moaned.

(To be continued)

## Circus Time

By John Rankin

Frank awoke early and lay quiet in bed a moment and came to anything concerning a circus your uncle is still a boy at heart," she said with a permissive smile, and turned back to the stove.

Uncle Joe came down to breakfast looking mighty chipper and eager to be off. "We're all set, son," he said, giving Frank a playful pat on the shoulder.

Telephone

Then, just as everybody sat down to the table the telephone in another part of the house pealed sharply.

Aunt Stella jumped up and went down the hall to answer it. "If that's for me just say the name. I'm tied up for the day and can't hang up," Uncle Joe called after her.

She was back in a moment. "It was Cousin Emily," she said nonchalantly. "She's bringing the children over for a day!" Uncle Joe called after her. "Frank looked up quickly. "Aunt Stella's eyes. "When it's time to go, we'll put the cat in the circus down the drain. Uncle Joe," he moaned.

Some bridge players pride themselves on the soundness of their opening bids. We have no quarrel with this policy as long as they don't feel, once they pass with one of those hands that most other players open, that they have been given a special license to make horrible overcalls.

Most players would open the South hand with the diamond. The hand included 12 high card points, a very good five-card suit and a couple of tens. This South elected to pass and if he could just have stayed out of the bidding from then on, East and West were well on their way to trouble. Even if they had stopped at one no-trump they were due for a 200-point penalty and they might have worked their way a lot higher.

South must have thought "Why should they be penalized when we can get set ourselves?" He bid two diamonds. West wasn't sure what to do but he decided to double. No one had anywhere to go although when the hand was over, East and West having marked 800 points onto their side of the ledger, North did express some ideas on where South might go. The defense was not brilliant.

Robert Newell discussed the Lincoln Land Junior College feasibility. Bills in the amount of \$17,349.91 were paid. Of this amount, \$11,000.00 was for the new classrooms.

The Happy Hustler's Bible school class met Sept. 27 in the basement of the Church of Christ with John Bradshaw and Billy Blair in charge of the evening's program. Shirley Daniel and Kathleen Hoagland were hostesses for the social hour.

 LENOX, Mass. (AP)—A Jew, a Buddhist, a Christian Scientist and some Roman Catholics have joined forces to recreate an Old World Place of worship for a boy's school here.

## Caps For Passavant's Candy Stripers

The first monthly supper meeting and awards party for Passavant Memorial Hospital Candy Stripers was held Sept. 26th in the hospital cafeteria. There were 48 girls in attendance. Mrs. Robert Hartman is the Candy Stripper coordinator and has enlisted services of Mrs. Don Douglass, Miss Elsie Evans and Mrs. Roy Warner.

Each month a hospital department head will speak to the girls as part of their training. A three-hour credit is earned in attending the monthly supper meetings.

Pictured above are 14 Candy Stripers receiving caps, an honor earned after many hours service and the capping was the first such ceremony. Pictured are, l-r, Beverly Bartlett, Kaye Donovan, Paula Silvers, Linda Slocum (receiving cap), Glenda Kilby, Mrs. James Duewer, presi-

dent of the Aid Society (pinning on Miss Slocum's cap), Carolee Kruse, Chris Suhling, Betty Ginder, Joy Buchanan, Linda Hardwick and Tamara Beard.

Other Stripers eligible for caps but not pictured are Barbara Dixon, Melba Joeckel, Phyllis Kanatzar, Claudia LaKamp, Sandra Lowe and Susan McNeely.

New Candy Stripers, who have just completed a month's training under Mrs. Rita Austin, Director of In-Service Education at the hospital, received letters of acceptance from Mr. Mitchell, hospital administrator. They are Jane Hamilton, Patty Thompson, Sue McPherson, Deena McGuire, Melody Plato, Patty Fortado, Linda Fortado, Janet Gotschall, Linda Wheeler and Debra Prewitt.

being built for the Jesuit-run Cranwell School for Boys. The Cranwell chapel is larger than that of Sant' Andrea, but the proportion between length and width is maintained.

Among the artists, engineers and craftsmen assembled to construct the chapel were: Peter McLaughlin, Boston architect, a Catholic from Ireland; Leonard Baskin, professor of art at Smith College, a sculptor who designed the chapel's crucifix, a Jew born in Brooklyn; Biganess Livingstone, whose paintings enliven the chapel's interior, a Catholic housewife from Brookline, Mass.; Joseph Ferguson, whose stained glass windows are designed to encourage an atmosphere of prayer and contemplation, a Christian Scientist; Ulrich Bear, who designed the vestments to be used at the altar, a German Catholic; and Arthur Choo, the engineer, a Chinese Buddhist.

The building is of reinforced concrete pillars, cantilevered toward a central crown. The exterior surfaces are finished with brush-like strokes in the concrete. The crown-like sculpture with a spire on top will be placed on the summit of the chapel by helicopter around Oct. 26. The crown was chosen because it carries upward the flow of the building's lines.

The 26 stained-glass windows extend from floor to ceiling. Inside, the concrete forms converge over the altar where they rise again to draw attention to an aluminum spire that will dominate the campus.

The altar, made of unpolished Mount Airy granite, is placed under the crown structure and covered with a baldachino, an ornamental canopy. Two matching communion tables are placed at the edge of the sanctuary. A small pulpit, also of granite, is located on one side. The celebrant's chair, backed by a dark oak screen, is at the other edge of the altar platform.

Curved pews, accommodating 525 worshippers, are set on a sloped floor, circling the altar on three sides. This is intended to encourage participation in the Mass as called for in the Vatican's Constitution on the Liturgy.

### WHAT'S ELECTROLYSIS?

There are few things more embarrassing to a woman than a patch of unwanted hair on her face. A superfluous growth of hair on her upper lip or on her cheek usually causes extreme self-consciousness and unhappiness.

The hair can be removed several ways. It can be shaved off, erased by a depilatory, abrasive or waxing, or removed by tweezing. However, all of these methods are temporary and must be repeated frequently to keep the hair under control. There is only one permanent way of doing the job and that's by electrolysis.

In electrolysis the papilla, which is source of the hair's life, is destroyed thus stopping hair's growth.

The latest method of electrolysis that has been perfected is called thermolysis, it operates via a short wave machine, the principle of which is to coagulate the hair papilla by high frequency current.

## How growing world trade is creating job opportunities for Illinois people

World trade is vital to the livelihood of Illinois people. One-ninth of the state's farm and factory output is produced for export.

Put another way, one of every nine jobs in Illinois agriculture and industry depends on shipments to other nations. Illinois is one of America's top exporting states.

Last year Caterpillar Tractor Co., Illinois' leading exporter, had overseas sales of \$607 million. Better than three-fourths of that amount came from products manufactured in the U.S. and shipped abroad!

In 1965, sales in other countries were over six times what they were 15 years before . . . a major reason

Caterpillar has become Illinois' largest employer.

And Caterpillar factories overseas have stimulated the demand abroad for products built in the United States. Shipments to France and the United Kingdom, for example, have increased fivefold since plants began production in those countries.

This growing world trade is a big reason Caterpillar is adding 3,500 people to its Illinois payrolls this year. This growth means more than just "jobs." It means a chance at satisfying careers with good pay—and many opportunities for advancement. More than 16,000 Illinois men and women have been with

Caterpillar from 10 to 25 years . . . nearly 3,400 have over 25 years of service.

If you're looking for a career opportunity with a growing company, contact the Employment Office at the Caterpillar plant near you.

# JHS Manages 14-7 Edge; Routt, ISD Win Easily

## Hurried Punts Set Up Crimson Scores

DECATUR—Two hurried Decatur MacArthur punts set up Jacksonville here Friday night, as the Crimson edged the Generals 14-7 in a tough defensive battle in a Capitol Conference game.

Rich Coble dove into the end zone from the one-yard line with 2:07 remaining in the fourth quarter. Coble scored JHS's first six points on a 26-yard pass from Dan Brooks. Dean Hill added both Crimson conversions.

The winning touchdown was set up on a 35-yard drive which to score. He also boomed out punts of 57, 51 and 48 yards. His average was 45.7 with seven punts.

**Good Ground Attack**

Goller, who played well both on offense and defense, picked up 55 yards in 14 tries. Abe Brown, 160-lb. halfback-quarterback, rushed for 50 yards in 12 attempts. The Crimson picked up 162 yards on the ground—most of which was ground out in each team's respective territory ground to the Generals' 36. JHS completed four passes for 75 yards, while Decatur failed to complete a pass.

Defensive stars were numerous, as each defensive unit gave ground grudgingly. Neither team was able to put together a drive of more than two first downs. Gerald Stewart, John Long, Marshall and Goller paced the JHS defensive unit.

Senior Dan Cheatham, 185-lb. tackle, sparked the Decatur defense. Quarterback, defensive safety Tim Curry also played well. The Generals' defensive line forced the Crimson to go outside where they picked up most of their rushing yardage.

Mike Muffin, Charles Scott, Bill Sutton and Curry ran well for the Generals.

JHS remains undefeated at 3-0, 2-0 in the conference, while MacArthur stands at 0-3 and 0-1.

JHS had a holding penalty called on the conversion attempt in the final period which set the kick off back 15 yards. Steve Natbush grabbed the kick off at his 30 and raced to the 34 of JHS. Three incomplete passes and a ten-yard loss ended the threat. The Crimson took over the ball and ran the clock out. One of the incomplete passes was dropped by Mike Munson who was standing all alone on the 20.

Jacksonville drove to the six of Decatur in the fourth period, only to be put back to the 50 on penalties. The Crimson lost the ball on downs at the 20. Three plays later Goller and Dave Marshall forced Curry's bad punt which set up JHS's winning score.

Goller's 59-yard punt put the ball deep into Decatur territory, which eventually allowed JHS

Mets Punch Only Two Hits For 1-0 Win Over Astros

NEW YORK (AP) — The New York Mets, stymied by Larry Dierker's perfect game through eight innings, erupted in the ninth inning on a double by Ed Bressoud and Ron Hunt's pinch single for a 1-0 victory over Houston Friday night.

Dierker, who was 20 years old eight days ago, had not allowed a base runner through eight innings, retiring 24 Mets in a row.

Then Bressoud led off the ninth by hitting a sinking line drive that Lee Maye just missed getting to in left field.

Bressoud wound up at second with a double, went to third on a wild pitch and raced home as Hunt scored over second.

Second baseman Joe Morgan got his glove on Hunt's soft liner but couldn't hold the ball.

While Dierker was setting the Mets down in order in every inning, Jack Fisher was blanking the Astros. Fisher allowed six hits, bringing his record to 11-4. Dierker is 10-8.

## Clan Takes 5-1 Count Over Hope

HOLLAND, Mich.—Superb defensive efforts by fullbacks Ted Lippert and John Wittlieb, and the offensive maneuvering of Tom Burden and Chris Di-Meglio lifted the MacMurray Highlanders to a 5-1 triumph over Hope, college in MIIC soccer conference play here Friday afternoon.

Behind the Burden and Di-Meglio lead front line attack, the Clansmen gained 42 shots during the encounter, while fourth-year stalwarts Lippert and Wittlieb contained the host club to 12 attempts.

Mac grabbed the early lead on a first period goal by Steve Townsend, but fell to a 1-1 deadlock in the second frame as Hope countered on an indirect kick by Doug Nichols. Ron Bradstreet earned an assist on Townsend's marker.

After playing even through the second frame, Mac gained their victory margin early in the third frame on a corner kick by Wittlieb.

Bradstreet gained an assist on the play. Three insurance tallies followed Wittlieb's marker in quick succession, as the Highlanders continued to dominate the remaining 30 minutes.

Burden, Di Meglio and sophomore Wayne Macomber netted the Clan's final tallies during the late action.

The win lifted the Highlanders to a 2-0 slate for the year, going into Saturday's encounter with Calvin college in Grand Rapids.

**TEENAGE GIRLS SUFFER MINOR INJURIES FRIDAY**

Two area teenage girls were treated for minor injuries and later released from Holy Cross hospital Friday afternoon following a one-car accident three miles west of New Berlin on U.S. 36-54 about 2 p.m.

Rushed to the hospital by McCullough ambulance were Julie Menter, 18, of 1011 West Lafayette and Vera Smith, 18, of Murrayville. Both were released after treatment.

Investigating state police said the car in which the girls were riding was headed west on the highway, ran out of control and struck a utility pole on the north side of the road.

**ANSWER ALARM AT ILLINOIS HOTEL**

Jacksonville firemen were called to the Illinois Hotel, 238 East State Street at 10:43 a.m. Friday where some trash was reported burning in an ash container in the second floor hall. Firemen said the trash had apparently been ignited by a cigarette.

The small blaze was out when firemen arrived, and there was no damage.

**Romano Powers Chisox' 6-5 Win Over NY In 11th**

**CHICAGO (AP)** — John Romano's two-out run-scoring single in the 11th inning gave the Chicago White Sox a 6-5 victory over New York Friday night that insured a 10th-place finish for the once mighty Yankees.

Even if the Yankees win their last two games they will finish one-half game behind the Boston Red Sox in the American League. It is the first time the Yankees have finished in the cellar since 1912. There were eight teams in the league at that time.

Wayne Causey led off the 11th with a single and was sacrificed to second. Out of the left field, Romano singled to left field for the winning run and Mel Stottlemyre came in as a relief pitcher in the 10th.

Roger Maris sent the Yankees ahead 5-4 with a two-run homer in the top of the ninth, but Smoky Burgess' pinch-hit, run-producing single tied the game in the bottom of the inning.

**NL's MVP Choice Up In The Air**

**NEW YORK (AP)** — Who is the National League's Most Valuable Player?

Pittsburgh Manager Harry Walker insists it's Roberto Cle-  
mente. Sandy Koufax of Los

Angeles, though, has made a

strong bid, winning 26 games,

including his important 2-1 deci-  
sion over St. Louis Thursday night.

The triumph reduced to two the Dodgers' pennant-clinching number.

There seems to be a general feeling that pitchers are at a disadvantage in the balloting for the MVP award by school writers, the voters preferring instead to restrict the pitchers to the Cy Young Award.

The Young Award is given to the outstanding pitcher in both major leagues.

However, Don Newcombe of the Brooklyn Dodgers captured the MVP and Young awards in 1956, the first year of the latter trophy. The Young Award is given to the outstanding pitcher in both major leagues.

And the Dodgers' star south-  
paw has turned in a superior over-all performance this year than he did three seasons ago.

However, Don Newcombe of the Brooklyn Dodgers captured the MVP and Young awards in 1956, the first year of the latter trophy. The Young Award is given to the outstanding pitcher in both major leagues.

The player who took the unusual role is infielder Dick Schofield, originally acquired to fill in at shortstop for Maury Wills but now capably plugging the hole at third base — a position that has been held at some time by almost every Dodger except Sandy Koufax.

Schofield, a 31-year-old switch-hitter in his 14th major league season, has made the transition to third base smoothly and, while hitting only .246, has impressed Dodger Manager Walt Alston.

"He's helped us get where we are," Alston said. "I always remembered him as a scrappy, competitive ball player and I think he's right pretty good."

**Easy To Get**

So when Wills ran into trouble with his leg, Alston gave Buzzy Bavasi, the Dodger general manager, a list of four or five utility men who might be available. Schofield's name was No. 1 and the Yankees parted with him for pitcher Thad Tillotson.

The move pleased Schfield, who had been purchased by the Yankees from San Francisco but sat on the bench while Manager Ralph Houk went with his youngsters.

"I was really disappointed at

New York because I thought I'd be playing regularly," said Schofield. "I was hurt when I got there — I couldn't throw — but after I got well I figured I'd get a chance."

"But I was kind of in the middle there. With the situation they were in, they wanted to look at their young infielders.

Then when we were in Boston, Houk called me in and said he was sending me some place I could get a job."

The job with the Dodgers last

one day before Wills returned to the line-up.

But the game was held at the Hawkins home in Manchester from 2 to 4 p.m. Sunday.

**Packers, Cards In NFL Features**

**By THE ASSOCIATED PRESS**

The Green Bay Packers and St. Louis Cardinals will seek

their fourth straight victories in the feature attractions Sunday after the National Football League opened its weekend activities with San Francisco playing at Los Angeles Friday night.

Detroit, 2-1, visits Green Bay Sunday, bringing with it the awesome defense that usually reaches its peak against the Packers. The teams split their two games last year and the Packers 3-0, need this one to stay on top in the Western Division.

New York because I thought I'd be playing regularly," said Schofield. "I was hurt when I got there — I couldn't throw — but after I got well I figured I'd get a chance."
